

About the Diamond Club

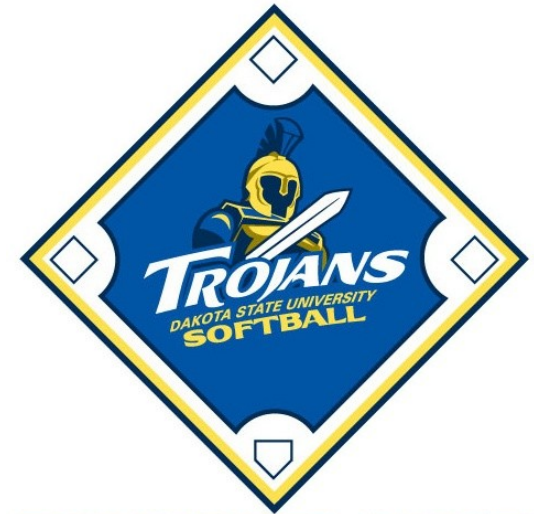

The Diamond Club is a way for you to become part of our team and support the current program. The money raised through the Diamond Club helps support the softball program's budget and directly benefits our student-athletes in the areas of equipment, travel and facility improvements.

The goal for our softball program is simple – become a national caliber program! Last season the Trojans made significant progress toward that goal. Last year the Trojans set or broke nine different single season records and were ranked nationally in three different categories. The Trojans also had three players receive post-season honors.

This year we hope to purchase a new pitching machine for the program as well as new training aids for our pitchers. As we look to the future we also have plans of building an on-site storage shed for our equipment, other future facility improvements look to include a turfed hitting area, and new foul poles.

With your help, we can obtain these goals!

A note from Coach Prorok

Hello Trojan Softball Fans,

I would like to extend an invitation for you to join our Dakota State University "Diamond Club." As we continue to build our softball program we need your support to reach our goal of becoming a national caliber program.

We expect an exciting year in the highly competitive DAC conference. Last season we saw ourselves holding down the number two spot in the conference for four weeks, before finishing the season ranked fourth in the conference.

Our goal this season is to be a top team in the DAC. As a coaching staff we feel that we have the talent in place to make a run at our first conference title since 1985.

Thank you for your support and membership!

Go TROJANS!!!!!!

Ken Prorok
